Rapid Intervention

A unique service for life in our fast-paced world!

Rapid Intervention is designed to respond to your organizational problems that need *immediate* attention!

Mary Heidkamp, founder of Dynamic Insights is a master diagnostician, moving clients quickly from complexity to solution. **Rapid Intervention** is designed to help an organization through a critical period when they may not have the time for more in-depth analysis and directed change.

After the crisis has passed, the team is often ready to engage in developing solutions that will prevent a repeat of events that lead to the crisis.

Get the help you need when you need it most!
